

POWDER COATING - Enquiry

Powder coating can be applied to all our raw aluminium and zamak products as well as our stainless steel and e-coated steel items.

Please note that powder coating is only possible on components that can be suspended.

Article number	Quantity	Colour <small>(only according to RAL standard K7)</small>	Surface finish		Gloss level			Coating thickness	
			<i>smooth</i>	<i>textured</i>	<i>glossy</i>	<i>satin</i>	<i>matt</i>	<i>60 µm</i>	<i>120 µm</i>
